Corporate Affiliates Program

Visibility | Talent | Research | Expertise | Education

Access the Talent and Technology of the Jacobs School of Engineering
Your Advocate on Campus

The Corporate Affiliates Program provides custom services to achieve your corporate goals. We ensure that you recruit effectively, align with our faculty to accelerate your research, and promote your priorities in educating the engineers of the future.
Increase your **visibility** on campus  
Fuel your company’s **talent** pipeline

- Exclusive access to our dynamic online database of engineering student resumes
- Brand your company at UCSD with tailored events: Day@Jacobs
- Team Internship Program—Solve engineering challenges with multi-disciplinary student teams
- Productive recruiting at Disciplines of Engineering Career Fair (DECaF)
- Student design projects—Award-winning design solutions in 12-15 weeks

“Our membership in the Corporate Affiliates Program provides us the opportunity to enhance our relationships across the Jacobs School – with faculty, students, and staff, so that we maximize our presence where it matters most to us. The CAP office is fantastic at facilitating our on campus sessions whenever we visit – particularly important since we’re not local to San Diego.”  
Rich Goldberg, VP Corporate Quality, Cisco
Cutting-edge research at your fingertips
Access expertise of world-class faculty

- Introductions to faculty—Sponsor research, license technology, pursue joint funding
- VIP invitations to special seminars and research institute events
- Explore innovative research presented by world experts at CAP Board Meetings
- Research Expo—Evaluate graduate level engineering achievements
- Insider’s admittance to UCSD’s state-of-the-art laboratories

“CAP provides unparalleled access and partnering opportunities with students, faculty, Jacobs School leadership, other industry leaders, and UCSD as a whole. You can count on the CAP team to help make the connections your business needs now.”

Mark Ambrose, San Diego Site Executive, Raytheon Integrated Defense Systems
Invest in tomorrow’s technology leaders
Help shape engineering education

- Direct connection to the Dean of the Jacobs School of Engineering
- Seat on the CAP Executive Board
- Voice in the development of new curricula and education initiatives
- Executive education—Joint programs with the UCSD Rady School of Management
- Faculty recruitment—Help identify and attract experts critical to your industry

“The Jacobs School’s responsiveness to its corporate partners is exemplified by the numerous CAP recommendations that have been implemented, including the ME degree, the Architecture-Based Enterprise Systems Engineering Program, and the Team Internship Program.”

Steve Hart, Chief Technology Officer, ViaSat
