- Lab tours and design projects for middle and high school students
- Summer engineering camp for high school students
- Visit local schools and mentor students on projects

Make friends
Interact with professors and companies
Gain leadership skills
Boost your GPA
Apply your engineering skills
Our Mission

The IDEA Student Center promotes Inclusion, Diversity, Excellence, and Advancement among undergraduate and graduate students across the Jacobs School of Engineering. With a focus on outreach, recruitment, retention, and research, the center supports the mission of the Jacobs School by fostering the growth of diverse, innovative technology leaders for today’s global society.
