Corporate Affiliates Program

# Corporate Affiliates Program

*Tap into the talent and technology of the Jacobs School of Engineering*

# Your Partner on Campus

## We believe that together industry and education drive innovation.

The Corporate Affiliates Program provides custom services to create meaningful connections on campus. We ensure you recruit effectively, collaborate with faculty on cutting-edge research, and help impact tomorrow by influencing today's engineering education.

## RECRUITING

Hire the best students from the largest engineering talent pipeline in California

- › Tackle your technical challenges via our summer Team Internship Program

- › Leverage our online talent database to simplify hiring

- › Brand your company at UC San Diego with tailored info-sessions, hack-a-thons, and more

- › Access award-winning student design solutions in 12-15 weeks

## RESEARCH
Tap into our $175M+ research enterprise

› Build productive faculty relationships through sponsored research, licensing technologies, joint funding agreements, and more

› Gain exclusive insight into cutting-edge research via technology forums and reviews

› Utilize state-of-the-art facilities

## EDUCATION
Shape the future of the Jacobs School

› Participate in professional development opportunities

› Educate tomorrow's workforce

› Join the Dean's Executive Board

› Contribute to the development of education and Student Success Initiatives

**Join today and change your future**
